Could you and your partner be the next "World Champions?"

Do you usually dominate the Quoit pits at all of your family's summer picnics? Can you regularly pitch "less than a quoit" to the hob, perhaps scoring more than a few ringers along the way? Well, here are FOUR opportunities for you and a pitching partner to boost your bragging rights back home by competing in large, national Quoit tournaments pitted against as many 100 teams from around the Country! Your team can test its skills at any or all of these Events, and possibly win some big cash prizes in the process! Or, you may want to attempt the "Ultimate Quoit Achievement" by pitching in all 4 Events and netting the highest point score in the **USQA Final World Rankings**, thereby earning you the title of the **USQA National Point Champion!**
